The Kaskaskia College Board of Trustees has formally established an Athletic Hall of Fame. Such Hall of Fame was established in order to recognize those individuals and teams who, through leadership and character, have made exceptional contributions to the reputation and prestige of KC athletics, and who have continued to exhibit in their daily lives the values learned through intercollegiate athletics. Also eligible for recognition are those individuals (non-athletes) who have had a significant role in the promotion, growth, and development of intercollegiate athletics at the College. Implementation of the Hall of Fame is subject to established procedures.
