B. Campus wide support of the process is essential because staff and faculty are on the “front lines” with the student, often on a daily basis. Together we can help ensure a safe and supportive learning environment. See Flow Chart.

The Flow Chart was taken from Barton Community College Student Wellness Intervention Team conceptualization which was adapted from The Handbook for Campus Threat Assessment and Management Teams by Gene Deisinger, Ph.D, Marisa Randazzo, Ph.D, Daniel O'Neill and Jenna Savage, Copyright 2008.
